IGNITE

Energizing connections between youth sharing life experiences

Introducing... the *IGNITE* group for Foster and Adopted Youth; Grades K-5 at St. Croix Preparatory Academy.

Youth who have been separated from their biological families through adoption or foster care need opportunities to connect with other children and families who have similar life experiences. We plan to offer a fun, comfortable environment where youth can connect through a weekly after school group.

What To Expect:

- Getting to know you activities
- “Who Am I” Activities
- Cultural Diversity
- Activities led by adult adoptees and social workers
- A safe place to ask questions about adoption/foster care
- Panel of adult adoptees and foster care alumni to answer your questions
- Weekly letters home to parents describing the topic and activity of the week
- A safe space for children to bond with those with similar life experiences
- Make deeper connections and develop relationships
