All EVOLVE staff members agree to treat clients in a respectful, calm manner. They will refrain from the use of derogatory or profane language towards a client in all forms of communication. Services will be provided in a non-coercive manner. Any client faced with inappropriate behavior by a staff person, other applicant, or outside organization representative is advised to leave the situation and notify the EVOLVE Programs Director as soon as possible. No client will be subjected to physical or verbal abuse, nor asked to participate in any form of unethical behavior.

Clients agree to treat staff members in a respectful, calm manner. Any staff person faced with inappropriate behavior by a client is advised to leave the situation as soon as possible and notify a supervisor. No employee may be subjected to either physical or verbal abuse without serious consequences for the client. At a minimum, the client will have to meet with staff to discuss the behavior. Clients who use inappropriate behavior, verbal or physical abuse, use personally derogatory or profane language, or who threaten inappropriate actions against the agency or particular staff members may lose their right to foster or adopt through EVOLVE. These types of actions demonstrate a serious inability to deal with anger, sorrow, frustration, conflict, and other emotions in a manner that will build positive interpersonal relationships. This type of behavior is emotionally and/or physically destructive to other persons, including children, and raises concerns in regards to parenting abilities. This behavior could result in corrective action, which may include required training, psychological assessments, anger management classes, therapy, etc. This may result in being placed on hold or a delay in your process. EVOLVE reserves the right to discontinue services or placement, potentially resulting in a denial or revocation of your approval.

EQUAL OPPORTUNITY STATEMENT

EVOLVE Adoption & Family Services is committed to a policy of equal opportunity for all persons. It is the policy of the agency, in recognition of the essential rights of all children and individuals, to provide agency services without regard to race, creed, color, sex, sexual orientation, gender identity, gender expression, union or political affiliation, religion, national origin, citizenship status, age, marital status, disability or reliance on public assistance except where a bonafide qualification exists. In keeping with this policy, families who wish to be considered as a permanent adoptive resource for a child will have limited eligibility requirements. The following are parameters to be used in determining a family's eligibility for a program:

- Ability to complete an approved Adoption Study Assessment.
- Ability to meet requirements set forth by the specific state or country of residence for the adoptive family and adoptive child, and the placing entity.
- Ability to meet the basic financial, emotional, physical, psychological, behavioral, and educational needs of a child who enters their home.
- Be free of any medical issues that would prohibit their ability to meet the needs of a child.

LIKELIHOOD OF RECEIVING A CHILD

We place children with adoptive families ranging in age from newborn to 18 years of age, including single children and sibling groups. We place children in good health as well as those with mild to severe special needs, including, children with physical, emotional, cognitive, and/or behavioral needs. These children are placed from our local, national, and own source international programs.

The average length of time between the adoption study completion and arrival of a child is 12 months. **The estimated waiting time is strictly an average. The length of wait depends greatly on the type of adoption a family chooses to pursue.**

Clients must understand that there are risks inherent with adoptions within the United States and internationally. Adoption can be a long and difficult process and EVOLVE cannot predict nor guarantee the amount of time, effort, money or hardship which may result from a family's desire to adopt a child. Due to circumstances beyond the control of EVOLVE or any agency, the possibility exists that the adoption process could be discontinued by governmental action, judicial decrees or the action of individuals, including birth parents or foreign nationals. Under such circumstances, it may have been necessary to advance funds to accomplish the adoption objectives and those funds already used will not be recovered. Please check with the program agency for details on fee timing and refund policies.

Despite information to the contrary, the child, when received, may have some undiagnosed physical, cognitive, emotional or behavioral problems which become evident at a later date.

The following information is available on request:

- The number of adoption placements facilitated by EVOLVE per year for the prior three calendar years, and the number and percentage of those placements that remain intact, are disrupted, or have been dissolved at the time the information is provided;
- The number of parents who apply to adopt on a yearly basis, based on data for the prior three calendar years, and
- The number of children eligible for adoption and waiting for an adoptive placement referral via the agency

ADOPTION STUDY ASSESSMENT PROCESS:

We begin with the assumption that each applicant will become an adoptive parent. The adoption process is an active process which allows the adoption workers to assess the applicant's basic ability to parent. Additionally, this process is an opportunity to educate the applicants about child rearing and parenting a child who has joined their family through adoption, as well as the impact that the adoption of a child will have on their family. Once a completed EVOLVE application is received, a manager will contact the applicant(s) within 10 working days to assess the application. Acceptance of the EVOLVE application means that EVOLVE has agreed to assess the clients and that the home study assessment process can begin. EVOLVE agrees to provide written documentation of acceptance or non-acceptance. Applicant(s) must submit payment and initiate their adoption process in accordance with their chosen program upon application approval. If an applicant does not proceed within 3 months of application approval, the application will be closed and the applicant would need to submit a new EVOLVE application with the current application fee. This assessment will include, among other issues, the client's motivation for adopting a child, understanding of and sensitivity to cultural differences, and ability to parent a child who may be of another heritage and/or have a special need. The adoption study assessment process usually takes families 3-6 months to complete. This timeframe is highly dependent on the family's ability to complete paperwork, availability to meet with their worker and attend trainings. If the clients are not actively participating in the adoption study process, EVOLVE retains the right to close their file.

During the adoption study process, EVOLVE provides counseling and assessment of each client's service plan as they progress through the requirements for the program they have chosen. EVOLVE provides adoption education and training to all prospective adoptive parents to promote successful adoptive placements. The education program consists of group orientation and training conducted by EVOLVE, reading materials, training/orientation provided by the adoption worker during individual sessions, and self-study activities that contribute to the prospective parents' adoption knowledge. The education program meets all state, federal, country and Hague Convention requirements. EVOLVE ensures that clients participate in education and training as required by their chosen program.

Clients are required to share complete and accurate information to EVOLVE about themselves and any household members regarding any physical, mental, emotional and psychological health history, criminal history, history of substance abuse, sexual or child abuse, family violence or any significant information. Clients are also required to disclose any previous or current associations with other foster care/adoption agencies, counties or any other child placing entities. Clients understand that they may only have one active home study through EVOLVE and may not have another active home study with another agency or county for child placement via adoption, foster or respite care. The client will terminate (in writing) associations with other agencies prior to beginning work with EVOLVE. Clients must also disclose changes in home address, household members, pregnancies, births, marital status, income and employment. Clients have a duty to disclose any change to this information as it occurs and as soon as they are aware of the change during the adoption process. Clients understand that if they have not shared criminal, medical, psychological or other significant information, including but not limited to the items described above with the agency, the agency has the right to discontinue adoption services. Clients may choose not to participate in a recommended evaluation, counseling, training or education; however, non-participation may result in the agency's denial or withdrawal of its approval of the prospective adoptive parents. If clients are questioning or unclear about any aspect of the home study process or information disclosures, they must contact the agency.

EVOLVE will assist clients who are using their own child source entity, with EVOLVE's pre-approval, by providing a completed adoption study to the child source entity and US Citizenship and Immigration Services as requested, and by having regular contact with the child source entity. EVOLVE values each individual; while EVOLVE aims to partner with other entities with similar values, we cannot change the laws and policies of other agencies, states, countries and partners. EVOLVE reserves the right to decline to collaborate with an adoption service provider.

ANNUAL UPDATES:

EVOLVE will determine based on state laws, regulations and each family specific situation, how often a family will need to update their adoption study, training and supporting documents. Considerations include but are not limited to: the state the family lives in, if family is foster care licensed and from what state or country the child is being adopted. It is EVOLVE's expectation that clients maintain continuous adoption study approval. If a client's study expires, they may experience delays in their process. A family may not take placement of a child without a current, valid adoption study. If a client does not maintain approval and is not actively participating in the update process, EVOLVE retains the right to close their file.

CHILD REFERRAL INFORMATION:

Upon the referral of a child, EVOLVE will allow the client adequate time, up to two weeks or a set time determined by their program, to decide whether to accept the referral. Clients have the right to accept or not accept the referral of a specific child. EVOLVE will make all reasonable efforts to obtain any existing accurate information on the child. EVOLVE agrees to share all available non-identifying information it receives about the child, including genetic history, health and social history, and circumstances leading to the need for an adoptive home. EVOLVE provides counseling about a child's medical and psychological health. Please note EVOLVE staff are not trained medical or mental health professionals. Clients who have questions EVOLVE cannot answer or concerns about medical or psychological health should consult medical or developmental experts before accepting a referral. Clients understand that EVOLVE cannot guarantee the accuracy and completeness of the information on the child or his or her background. Clients have the responsibility to become knowledgeable about how that child's past experiences and genetic heritage may affect the child's present and future well-being.

POST PLACEMENT/POST ADOPTION SERVICES:

EVOLVE provides post placement/post adoption supervision and monitoring to clients as required of their chosen program, and forwards required reports to the referral agency/governmental unit. EVOLVE offers further assistance to clients to help facilitate integration of the adoptive child and

family, to assist with multi-cultural awareness, and to be responsive to the child’s and family’s needs. EVOLVE refers families to agency sponsored and other existing support groups and adoption specialists. EVOLVE does not provide in-depth psychotherapy as a part of its service, but may mandate that the clients and/or the child obtain professional services in counseling, education or training before legalizing the adoption when EVOLVE believes that this endeavor is necessary to ensure the child’s future health, security and well-being. Clients understand that the success of a placement depends on a combination of factors involving interpersonal relationships and individual abilities, skills and temperaments. How a child will react/adjust to a change in his/her environment once the child is placed, is not always predictable.

Clients have the responsibility to provide all necessary and accurate information to EVOLVE and/or the Supervised/Exempt Provider for the report(s), including the adjustment of all family members and child. Clients agree to provide required written post placement reports to EVOLVE and their referral agency. Clients are encouraged to cooperate and use agency and other community resources to assist with the child and family’s adjustment. Clients agree to obtain professional counseling as necessary if recommended by EVOLVE. Clients agree to proceed with court finalization as soon as allowable under the relevant state law. If the family fails to finalize within the allowable time frame, the family is subject to additional fees for unanticipated agency work required by the state.

In the event of a crisis, EVOLVE provides services in an effort to support and preserve adoptive placements. EVOLVE will assist the family in seeking therapeutic intervention to assist in the attachment of parent and child and/or to resolve other adjustment issues. EVOLVE will assist the family to connect with their county social services, other service providers and if necessary, arrange temporary foster care in a licensed foster home. A Special Services Fees contract will be entered into with the family to cover the counseling, foster care and case coordination services. If there are concerns with the safety of the child, EVOLVE is required by law to contact the family’s local county social services to make a child protection report. The county may then take jurisdiction.

Post Placement/Post Adoption Compliance Statement:

EVOLVE requires all adoptive families, regardless of program, to participate in post placement/post adoption services. I agree to comply with all post placement/post adoption requirements of EVOLVE and of the program from which I choose to adopt. This includes phone, office and home visits with my social worker, and my submission of pictures and other documentation. If a family is unresponsive in scheduling required visits prior to finalization, EVOLVE reserves the right to arrive unannounced and the family must allow EVOLVE staff access to the home and child/ren. Additionally, I agree to submit directly any additional reports, documents and pictures requested by my child’s country of origin. I agree to timely payment of the post placement/post adoption services fees as listed in the *Fee Disclosure* information.

I understand the importance of EVOLVE’s responsibility to submit timely post placement and post adoption reports. I agree to cooperate in setting meetings with my social worker and to submit pictures and other documentation in the time period requested.

DISRUPTION SERVICES POLICY AND PROCEDURES

If counseling does not succeed in resolving the crisis and the placement is disrupted, EVOLVE will contact the agency or county that retains guardianship of the child and will collaborate in providing services according to the instructions of the guardianship agency. If EVOLVE is the guardian of the child, EVOLVE will act in accordance with any applicable legal requirements to remove the child when the placement may no longer be in the child’s best interests, to provide temporary care, to find an eventual adoptive placement for the child, and, if an international adoption, EVOLVE will inform the Department of State and the Central Authority of the child’s country of origin. If EVOLVE is not the guardian, EVOLVE may assist the guardianship agency or county in finding a new adoptive/foster care home for the child. EVOLVE may assist with the placement of the child, possibly into one of its licensed foster care homes, and assist the family in identifying a permanent adoptive family for their child. When EVOLVE is a Primary Agency and is working with an out of state Supervised/Exempt Provider, it will ask that the Provider follow the laws of their state and, if authorized, provide foster care in a licensed home.

It is the right of any child in a disruption situation to receive full protection and services and to be deemed as the primary client by EVOLVE. When out of home placement occurs, EVOLVE will take the child’s views on a new family and, in international adoptions, their length of time in the United States, into account when possible given the child’s age, maturity, and other pertinent factors. When required by state law, obtains the consent of the child prior to removal. EVOLVE never returns a child to their country of origin unless required to do so in writing by the Central Authority and the U.S. Department of State. If directed to return the child to his or her country of origin, EVOLVE will follow the process required by the country of origin and the Department of State.

The adoptive family is responsible for and shall assume full financial responsibility for any such services, promptly paying or arranging for payment of all expenses incurred in meeting the child's needs as well as placing the child in another adoptive home, or in foster care, and in following the requirements of the state, Department of State and foreign country regarding the care and disposition of the child.

DISSOLUTION SERVICES POLICY AND PROCEDURES

Adoptive parents may not terminate their parental rights to a legally adopted child for a reason that would not apply to a birth parent seeking to terminate rights to a child. The client understands that in most international adoptions, finalization of the adoption occurs in the foreign country and all of the legal rights and duties of parent and child are created before leaving the foreign country. A parent who receives guardianship of a child from a foreign country also assumes parental rights and responsibilities.

In the unlikely event that an adoption is dissolved, EVOLVE will support and counsel the family, and offer referrals (counseling services) as necessary. In those cases where it is in the best interest of the child, EVOLVE may assist in locating and arranging for a new adoptive placement when possible or possibly arrange temporary foster care with one of EVOLVE'S licensed foster care families. The adoptive family is responsible for and shall assume full financial responsibility for any such services, promptly paying or arranging for payment of all expenses incurred in meeting the child's needs as well as placing the child in another adoptive home, or in foster care, and in following the requirements of the state, Department of State and foreign country regarding the care and disposition of the child. EVOLVE requires families to inform the agency of a dissolved adoption. EVOLVE never returns a child to their country of origin unless required to do so in writing by the Central Authority and the U.S. Department of State. If directed to return the child to his or her country of origin, EVOLVE will follow the process required by the country of origin and the Department of State.

FEES FOR SPECIAL SERVICES

EVOLVE will not use any part of its fees to provide special services, such as cultural programs for adoptees, scholarships or other services without notifying clients. If EVOLVE decided to use part of its fees to provide special services such as above, it would disclose this policy to prospective adoptive parents in advance of providing any adoption services, and would give prospective adoptive parents a general description of the programs supported by such funds, in the *Application and Adoption Services Contract*.

STATEMENT ABOUT ATTORNEYS AND LEGAL REQUIREMENTS

EVOLVE does not provide attorney referral services. Staff members may, without obligation, provide the names of attorneys who have worked with EVOLVE clients in the past, or the names of the other adoptive families who have completed their own legal work, for assistance.

STATE STATUTES:

EXCEPT FOR SUBSIDIZED ADOPTIONS UNDER MINNESOTA STATUTES, SECTION 259.67, OR ANY OTHER PROVISIONS OF LAW THAT EXPRESSLY APPLY TO ADOPTIVE PARENTS AND CHILDREN, ADOPTIVE PARENTS ARE NOT ELIGIBLE FOR STATE OR FEDERAL FINANCIAL SUBSIDIES BESIDES THOSE THAT A BIRTH PARENT WOULD BE ELIGIBLE TO RECEIVE FOR A CHILD.

ADOPTIVE PARENTS MAY NOT TERMINATE THEIR PARENTAL RIGHTS TO A LEGALLY ADOPTED CHILD FOR A REASON THAT WOULD NOT APPLY TO A BIRTH PARENT SEEKING TO TERMINATE RIGHTS TO A CHILD. AN INDIVIDUAL WHO TAKES GUARDIANSHIP OF A CHILD FOR THE PURPOSE OF ADOPTING THE CHILD SHALL, UPON TAKING GUARDIANSHIP FROM THE CHILD'S COUNTRY OF ORIGIN, ASSUME ALL THE RIGHTS AND RESPONSIBILITIES OF BIRTH AND ADOPTIVE PARENTS AS STATED IN THIS PARAGRAPH.

BEST INTEREST OF CHILD/PROHIBITION ON CHILD BUYING:

EVOLVE provides adoption services with expertise and integrity, drawing from core values and standards of the social work profession, and in accordance with Hague Convention principles to ensure that the best interest of each child is met, and to prevent the abduction, exploitation, sale or trafficking of any child. EVOLVE prohibits its employees and agents from giving money or other consideration, directly or indirectly to a child's birth parents or other individuals or entities, as payment for the child or as an inducement to release the child.

PROHIBITION OF PREFERENTIAL TREATMENT:

Board service, volunteer work or charitable donations (monetary or in-kind) to EVOLVE will not result in preferential treatment for the donor nor will it influence child placement decisions in any way.

PRIVACY PRACTICES AND ADOPTION RECORDS (TENNESEN WARNING):

It is the express policy and intent of EVOLVE in its day to day activities to abide by and uphold all relevant Minnesota and Wisconsin statutes regarding client privacy and confidentiality of adoption records.

We are required to inform you of your rights as they pertain to the private and confidential information we collect from you. The information we collect from you is classified by law as either public (anyone can see it), private (the public is not given access, but you are), or confidential (even you cannot see the information). As an applicant, most of the data we maintain about you is private or confidential according to Minnesota Statutes, Section 13.43, Subdivisions 2 and 3. Data that is public or private may be viewed upon request within a 10 day notice. Information which you are asked to provide may be required by statute, or determined by EVOLVE policy as needed for us to comply with licensing requirements or the needs of other adoption agencies, programs or governments. Without the requested information, EVOLVE may not be able to determine your eligibility for adoption.

The information you provide may be routinely shared with agency staff who require the information to do their jobs in order to provide services to you. Information may also be shared with other agencies authorized by law to receive specific data relating to adoption. Personal data collected by EVOLVE will be used for the sole purpose of assessing the eligibility of clients and completing all stages of the adoption process. EVOLVE staff will not disclose to any member of the general public information regarding any EVOLVE client, past or present, including whether any person has ever been a client of EVOLVE, without a signed Consent for Release of Information form. EVOLVE NEVER sells client mailing lists to anyone.

If we reasonably suspect that a child or vulnerable adult is a victim of abuse or neglect or that a pregnant woman is abusing alcohol or controlled substances, we are required by law to disclose private information which identifies you to a public authority.

In certain limited situations, such as an emergency or imminent danger to you or someone else, we may disclose private information as necessary to protect an individual's health or safety.

You may refuse to furnish requested information; however, this may prevent you from finishing the adoption process. State law prohibits disclosure of child, birth parent, and adoptive parents' identifying information - unless the affected parties agree in writing. Documents gathered during the adoption process become the property of EVOLVE.

Clients are entitled to copies of anything they submitted for their adoption file; such as their application, correspondence they sent to the agency, or forms they have completed. The rest of the file is considered to be confidential and is not available to the client without a court order.

Adopted persons' records are available to them in accordance with the laws of the state or country in which their adoption was made final. Non-identifying information from an adopted persons' record may be given to their adoptive parents, at their request, until the adopted person reached that statutory age to request it themselves. If the adopted person's birth parents worked with EVOLVE, agency staff can share identifying information with the adoptive parents and adopted person in accordance with any affidavits filed by the birth parents regarding sharing information.

PRIVACY AND CONFIDENTIALITY POLICY

It is the policy of EVOLVE that adoptive parents not disclose information regarding their children and their children's birth family to persons not involved in the adoption process without prior authorization from the child's or family's worker, until the adoption is finalized. As an adoptive parent, any information available to you about your children and their families should be kept confidential and may not be released to anyone who is not authorized. Call your case worker for clarification if you are not sure who is authorized. Photos and child information should not be posted or shared online via social media such as Facebook, Twitter, Instagram, or blogs, etc. Any requests for photographs, interviews, or publicity of any kind involving a foster child requires signed legal consent forms indicating agreement of the child's legal parent/guardian.

GRIEVANCE POLICY AND PROCEDURE:

Any consumer of EVOLVE's services may file a grievance against EVOLVE or any of EVOLVE's licensed programs without fear of retaliation. EVOLVE's grievance policy and procedures shall be made available to all clients in writing at the time the *Services Contract* is signed, and shall incorporate the standards set forth in applicable state, federal and international laws and rules. Consumers of EVOLVE services are informed of their right to complain to EVOLVE about any services or activities of the agency or its licensed programs that they believe raises an issue of compliance with The Hague Convention on Intercountry Adoption, the International Adoption Act (IAA), regulations implementing the IAA, the Universal

Accreditation Act (UAA) or Minnesota and Wisconsin state laws and regulations. EVOLVE serves as first responder to complaints related to intercountry adoption. If the complaint alleges abuse or neglect of children served by the program, EVOLVE will immediately report the complaint to child protection services and/or local authorities. EVOLVE will investigate complaints within the timeframes set forth by the program in which the family is utilizing, in order to ensure compliance with all state and/or federal regulations.

Any unsatisfied client is encouraged to discuss the matter with the client's assigned worker. The worker's role is to listen, evaluate, investigate and respond to the client with their findings. If the matter is not satisfactorily resolved, the worker will provide the Grievance Policy and Procedure, along with the contact information for the Program Manager. The client may send a written, dated and signed explanation of the grievance, and formally request a review by the Program Manager. The Program Manager will investigate and work to resolve the complaint. The purpose of the investigation will be to determine and attempt to understand the nature of the grievance and point of view of the client and the worker. The Program Manager may consult with the Social Service Committee during this time. Based on the results of the investigation, the Program Manager will respond in writing within 10 business days of receiving the written complaint. The client may: (1) accept the decision of the Program Manager and take no further action, or (2) appeal the decision to the Management Team in writing within 5 business days.

Upon receiving the written appeal, the Management Team will meet to thoroughly review the concerns and determine necessary actions to resolve the matter. A written response summarizing the Management Team's determinations will be sent to the client within 5 business days. The client may: (1) accept the decision of the Management Team and take no further action, or (2) appeal the decision to the Executive Leadership Team in writing within 5 business days.

Upon receiving the written appeal, the Executive Leadership Team will meet to thoroughly review the concerns and determine necessary actions to resolve the matter. A written response summarizing the Executive Leadership Team's final determinations will be sent to the client within 5 business days.

An expedited decision will be made if the situation is time-sensitive or the complaint contains allegations of fraud. All actions taken will be documented in the client's file and in the Client Grievances file.

If the consumer is dissatisfied with the decision of EVOLVE, they may contact the Department of State Adoption Complaint Registry at <https://travel.state.gov/content/travel/en/Intercountry-Adoption/about-adoption-service-providers/hague-complaint-registry.html>. Complaints may also be submitted to The Intercountry Adoption Accreditation and Maintenance Entity (IAAME) verbally, in writing or electronically. Complaints can be made directly to IAAME via email at Contact@www.iaame.net, the www.iaame.net website, by mail at 950 NW 1st Place, Suite A, Gainesville, FL 32607, or by phone at 888-241-6930.

The Intercountry Adoption Accreditation and Maintenance Entity (IAAME) compiles information about substantiated complaints and adverse actions of agencies. Current information can be found on IAAME's website at www.iaame.net.

In the event of a negative action, such as a home study denial or revocation of a foster care license or approval, EVOLVE will provide a written statement detailing the decision, the date that the decision is effective, how a decision may be appealed and the time frame for an appeal, as applicable.

Wisconsin foster parents can appeal agency decisions, such as the revocation of their foster license, decisions related to the child in their home, or anything that affects them as foster parents by filing an appeal with: Division of Hearings and Appeals (DHA), P.O. Box 7875, Madison, WI 53707. The form to request hearings is located on the DHA website and may be found at <https://doa.wi.gov/Pages/LicensesHearings/DHAWFSRequestingaHearing.aspx>.

SPACING OF CHILDREN POLICY

I understand that children joining my family must arrive at least six months apart whether by birth or adoption (state or country programs may have differing time frame requirements for child spacing). In keeping with this policy, EVOLVE does not place unrelated children with the same family at the same time. I agree to report a confirmed pregnancy to my social worker, and to become inactive with EVOLVE until at least six months after the child's birth. When I become inactive, I will notify any other entity I am working with for the placement of a child to place my file on hold until further notice. Failure to inform EVOLVE of any pregnancy or other child match/placement constitutes a breach of this services contract. Rare exceptions may be made on a case by case basis.

BEST INTEREST OF THE CHILD:

Medical Care: Adoptive parents are required to provide adequate medical care for any and all children placed with them in adoption by EVOLVE. This medical care shall include regular physical examinations, recommended shots and immunizations, prescribed formulas and medications, and when indicated, special diagnostic tests, x-rays, blood transfusions, surgery, and hospitalizations. Personal or religious convictions will not absolve adoptive parents from obtaining such care.

Corporal Punishment: EVOLVE prohibits corporal punishment of pre-adoptive or placed children by staff, sub-contractors, foster parents, pre-adoptive, and adoptive parents. Corporal punishment is defined as, "punishment that involves hitting someone: physical punishment" and "punishment inflicted on a person's body." Corporal punishment includes, but is not limited to: rough handling, shoving, ear or hair pulling, shaking, slapping, kicking, biting, pinching, hitting, throwing objects at the child, or spanking.

Birth Certificate: In the event that the child is adopted from an international source and obtains a full and final legal adoption from that country, adoptive parents are required to procure a local birth certificate for the child within one year of placement of the child in the home.

Legal Adoption/Citizenship: Adoptive parents are required to legally adopt a child within one year of the child's adoptive placement in the home (as required by Minnesota and Wisconsin statutes), unless unusual circumstances warrant not finalizing the adoption within this time period. A child adopted abroad who enters this country with an IR-3 or IH-3 visa automatically becomes a US citizen upon entry. A child who enters the country with an IR-4 or IH-4 visa becomes a citizen upon legal adoption in a local court. If adoptive parents wish to obtain an attorney to assist with finalization, a list of adoption attorneys is available from your local bar association.

The information contained in *Services, Fees and Program Disclosure Information* and *US and International Program Information* is based on the latest information available to EVOLVE. EVOLVE cannot, however, guarantee the placement of a child or a time by which a child will be placed. Clients understand that fees are owed to EVOLVE according to EVOLVE payment schedule.

EVOLVE accepts payment by personal or cashier's check, money order, credit or debit card. Fees for each part of the process are due prior to the provision of that service as described, and are non-refundable once the service has been provided. (See *Fee Disclosure*.)
